

Certificate of Registration

ISO/IEC 27001:2013 · Information Security Management System

HALDEN ASSURANCE INTERNATIONAL Accredited Certification Body · Certificate
No. HAI-ISMS-22-04871

CERTIFICATE OF REGISTRATION

This is to certify that the Information Security Management System of

ARCHSTONE SOFTWARE, INC. 1700 Lincoln Street, Suite 2400, Denver, Colorado
80203, United States

has been assessed and found to conform to the requirements of

ISO/IEC 27001:2013

for the following scope:

The information security management system supporting the design, development, hosting, operation, and support of the Archstone DMS cloud document management service, including the Archstone Mail and Archstone Mobile applications, delivered from Archstone's Denver headquarters and its contracted cloud hosting regions in the United States and Germany, in accordance with the Statement of Applicability version 4.2.

Original registration date	June 20, 2019
Current certificate issue date	June 18, 2022
Certificate expiry date	June 17, 2025
Surveillance audits	Annually; last completed May 2024
Recertification audit	Due before expiry

This certificate remains the property of Halden Assurance International and is valid subject to the organization maintaining its system to the required standard, which is monitored by surveillance audits. Validity may be verified at verify.haldenassurance.example.

/s/ Jonas Lindqvist Director of Certification, Halden Assurance International

Vandelay Legal Technology file note (S. Pellegrini, 2026-09-03): Certificate expired June 17, 2025. No renewed certificate has been received under Exhibit C, Section 7. Archstone's account team stated in July 2026 that recertification against ISO/IEC 27001:2022 is "in progress" following the Greyfell transaction. Also note the certificate

scope predates Insight AI and does not reference the Cortexa Labs model-provider subprocessor added October 2025.
